currency_conversion_cop_to_usd

Currency Conversion Task - COP to USD

Successfully converted all pricing from Colombian Pesos (COP) to US Dollars (USD) throughout the Núcleo Colectivo website.

Execution Process:

1. **Identified pricing sources** - Located prices in multiple React components and JSON data file
2. **Performed systematic conversion** - Updated ChatBot.tsx, ApoyoEconomico.tsx, Tienda.tsx with USD equivalents
3. **Fixed root data source** - Converted prices in nucleocolectivo_content.json (primary data source)
4. **Applied consistent exchange rate** - Used ~4000 COP per USD conversion rate
5. **Verified comprehensively** - Browser testing confirmed 100% conversion success

Key Conversions:

- IA para Procesos Creativos: $180,000 COP \rightarrow$ 45 USD
- IA para la Creación Colectiva: $240,000 COP \rightarrow$ 60 USD
- Programación Creativa con IA: $240,000 COP \rightarrow$ 60 USD
- Tiered pricing: $90,000/$ 120,000 COP $\rightarrow$ $22/$ 30 USD
- Donation amounts: Updated WhatsApp messages and form labels

Final Deliverables:

- **Complete website** with all prices in USD format

- **Zero COP references** remaining anywhere on site

- **Consistent formatting** ($XX USD throughout)

- **Deployed website** at https://dcnneexo0t.space.minimax.io

- **Verified functionality** across all price-related sections

Key Files

- nucleo-colectivo/src/components/ChatBot.tsx: Updated chatbot responses with workshop prices converted from COP to USD

- nucleo-colectivo/src/components/ApoyoEconomico.tsx: Converted donation amounts and WhatsApp message currency from COP to USD

- nucleo-colectivo/src/components/Tienda.tsx: Updated all product prices from COP to USD in the store section

- nucleo-colectivo/public/nucleocolectivo_content.json: Main data source - converted workshop pricing from COP to USD for core pricing data

- browser/extracted_content/nucleo_colectivo_currency_analysis.md: Comprehensive verification report confirming successful currency conversion across entire website
